Chaitanya Walke
Java Web Developer

PROFILE

I am a motivated young professional exploring technologies, gaining knowledge and implementing it. Looking forward to work in an environment where my skills and knowledge reflects the growth of the company and enhance my experience as well.

JOB EXPERIENCE

Supreme Treon| 01/2020 - 09/2020

Role : Production Line
Worked on the production and maintenance line of .. as a Mechanical Engineer fresher on contract basis for nine months.

TRAININGS

Pre-CAT | Sunbeam | 2022

A preparatory course for Diploma in Advanced Computing which includes trainings on computer fundamentals, computer architecture and programming in Java.

PROJECTS

Fabrication of Solar Air Conditioning using ThermoElectric Generation Module | Engineering Project

Unlike conventional air-conditioning system that use refrigerants (CFC's and HFC's) we have implemented Thermoelectric Hybrid air-conditioning system. The blowers extract the heat from the cold side and the cold air is circulated in the conditioned space by changing the polarity hot air can be circulated in the conditioned space.

Highway Help | Web Application | PG Diploma Project

Highway-Help application provides user with a exclusive platform to avail emergency services like car towing or ambulance. Various service providers can register themselves on this platform. Users will have a choice of selecting among the various service provides basde on location access.
Technologies used : ReactJs, Spring Boot, Spring Data JPA and MySQL Database.
